* "***Totals***" is not necessarily equal to the sum of the counts in the "Current Enrollment" column for each Non-Degree High School program.  This is because some students may enroll in more than one program.  "***Totals***" counts the number of unique students enrolled in at least one program.

NOTE: Data is taken from CUNYFirst via the 805 file and the existing SALI interface.  Data for our standard daily enrollment reports are taken from the CBIL system maintained by CUNY OIRA, which does not identify enrollment in specific high school programs.  It should be noted that there may be small differences in the total high school enrollment in these two reports, because they are drawn from different data processes and have different update times.
