Overview

Admissions Overview

Welcome to the IPEDS Admissions (ADM) survey component. The primary purpose of ADM is to collect basic information about the undergraduate selection process for entering first-time, degree/certificate-seeking students in the fall term. This includes information about admissions considerations, admissions yields, and SAT and ACT test scores (if test scores are used in admissions decisions). The ADM survey component is collected only from institutions that do not have an open admissions policy for entering first-time students, which is captured on the IC Header survey component.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- Institutions that have scores based on the old (2016) SAT score range should convert scores using the [College Board concordance tables](#).
- Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report admissions as of the institution's official fall reporting date or October 15. Institutions operating on an "other academic calendar", a calendar that differs by program, or that enrolls students on a continuous basis (referred to as program reporters) report admissions as students who enroll any time during the period of August 1 through October 31.
- ADM is only applicable to [first-time students](#); DO NOT include other students (i.e., [transfer-in students](#)) in the number of applicants, number of admits, and number (of admitted) that enrolled. Only include levels (full-time, part-time) that you indicated were offered in the IC Header. If you made an error in the IC Header, please call the IPEDS Help Desk.

Changes to reporting:

The following changes were implemented for the 2023-24 data collection period:

- Revised survey materials related to Gender Unknown or Another Gender reporting, including non-reporting for small cell size
- Added a clarification to Instructions regarding reporting test scores
- Added FAQ regarding including incarcerated students in reporting
- Revised FAQ regarding experimental site participants

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the **IPEDS Help Desk at 1-877-225-2568**.

Admissions Considerations

1. Please select the option that best describes how your institution used any of the following data in its undergraduate selection process for the fall 2023 first-time student cohort. (If your institution has changed its admissions considerations for the fall 2024 first-time student cohort, you may indicate such changes in the context box immediately following this section).

Admission Considerations	Required to be considered for admission	Not required for admission, but considered if submitted	Not considered for admission, even if submitted

 You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

First-year applicants can choose whether to submit SAT or ACT exam scores as part of their application through the spring 2025 semester. The admission decision will be based primarily on a student's academic preparation in high school, including overall grade-point-average, course grades and the academic rigor of their high school curriculum.

More information about this policy is posted here: <https://www.cuny.edu/admissions/undergraduate/apply/covid-19-standardized-tests/>

Selection Process - A/A/E

2. Provide the number of first-time, degree/certificate-seeking undergraduate students who applied, who were admitted, and who enrolled (either full- or part-time) at your institution for Fall 2023. Include early decision, early action, and students who began studies during the summer prior to Fall 2023.

Remember that this question applies only to first-time, degree/certificate-seeking undergraduates. Do not include any other students in these totals. Report admitted students who enrolled in the summer ONLY IF they remained enrolled into the fall.

Only include levels that you indicated were offered in the IC Header. If you made an error in the IC Header, please remember to fix the error next year.

- The 'gender unknown' category will be determined by subtracting (men + women + another gender) from the Total.

Is your institution able to report **another gender** for the 2023-24 data collection?

If you indicate 'No, my institution does not collect data on another gender,' leave the cells in the rows for '**Another gender**' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for '**Another gender**' blank. If you indicate 'Yes,' but no students identified as another gender, please enter '0'.

Selection Process - Test Scores

3. Provide data for all students for whom a test score was used in the admissions decision for Fall 2023. Include new students admitted the summer prior to Fall 2023. If you report less than 5 students for any of the scores, do not report percentiles.

Institutions that use test scores for some students report the number of students for whom test scores were used.

Number of enrolled students for whom an <u>SAT</u> score was used in the admissions decision	<input type="text" value="87"/>
Percent of enrolled students for whom an <u>SAT</u> score was used in the admissions decision	<input type="text" value="6"/>
Number of enrolled students for whom an <u>ACT</u> score was used in the admissions decision	<input type="text"/>
Percent of enrolled students for whom an <u>ACT</u> score was used in the admissions decision	<input type="text"/>

Report the scores used in the admission decision, whether test scores are required or are only considered for admission. If you report less than 5 students for any of the scores, do not report percentiles.

Institutions that use test scores for some students report the percentile scores for the students for whom test scores were used.

Summary**Admissions Component Summary**

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#) and sent to your institution's CEO at the end of 2024.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Screen Entry	The 75th percentile for a majority of institutions is less than 700. Please correct your data or explain. (Error #14313)	Explanation	Yes	
Reason	As CUNY is test optional, only applicants with higher SAT scores submit their test scores. Therefore, the highest scoring applicants already have high SAT scores, which understandably results in the 75th percentile having a score greater than 700.
