Overview

IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

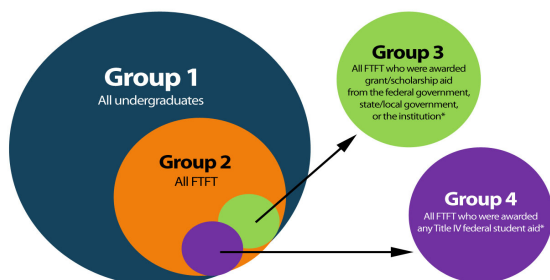

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.

Undergraduate Student Groups

You will be asked to report information for different groups of students.

- Group 1: All undergraduate students
- Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
- Group 3: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution*
- Group 4: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Changes to reporting for 2021-22:

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

Section 1: Comparison Chart

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Student Financial Aid

Source	Description	Severity	Resolved	Options
Screen: Part A - Establish your groups				
Upload File	The number entered is outside the expected range of between 1,375 and 2,061 when compared with the prior year value. Please correct your data or explain. (Error #7132)	Explanation	Yes	
Reason	The change reflects an increase in FTF enrollment at the institution.			
Screen: Part C, Page 2 - Enter Information about Group 2				
Upload File	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 1,846 and 3,210 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The difference is due to the recent changes in the way one category of institutional aid is now distributed: the so-called TAP Gap - the difference between Tuition Charged and State Aid Provided (TAP) - was distributed as "state aid" in the past, but now it's administered as "institutional aid" after changes in state funding. The average amount of this aid is lower, while many students are eligible. Thus, the overall average is lower.			
Upload File	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 4,650 and 6,014 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The average amount this year is less compared to last year because this year an aid category that was distribute as state aid is now being distributed as institutional aid.			
Upload File	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 8,815 and 10,179 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Last year federal, state, and institutional awards were affected by COVID-related funds to a larger degree compared to this year.			
Upload File	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 10,785 and 12,149 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Small group averages tend to fluctuate.			
Upload File	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 5,063 and 6,427 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	This change reflects a decrease in the average amount of federal loans awarded.
