Founded in 1930, Brooklyn College has excelled at providing a high-quality and affordable education to students of diverse backgrounds.

In 2011, CUNY implemented the predictable tuition policy, which coincided with the development and implementations of the college’s five year strategic plan.

The college has made significant progress in promoting academic excellence; attracting and retaining engaged students; hiring diverse and highly trained faculty; improving our facilities and infrastructure; providing critical student support services and surpassing private fundraising goals.
Record Growth In
UNDERGRADUATE ENROLLMENT

Since 2010, with predictable tuition in place:

• 10% increase in undergraduate enrollment
• Over 17% more freshman list BC as their 1st choice
• 47% more transfer students complete their degree at Brooklyn College
The predictable tuition policy has helped the college attract and retain an increasingly diverse student body:

- 31% are the first generation in college
- 33% are born outside of the U.S. mainland
- 37% speak a language other than English at home
- 31% have household incomes under $20,000
The college welcomed 17,410 undergraduate and graduate students to campus in Fall 2015.

New student enrollment totaled 4,840:

- 27.7% First-Time Freshman
- 45.8% New Transfers
- 26.5% New Graduates
Improving Graduation Rates for ALL STUDENTS

• The college is ranked among the top public institutions for improving overall graduation rates, with strong gains for underrepresented minorities.*

• For freshmen graduating in 2010-15, overall graduation rates increased substantially.
