Spring 2011 Schedule of Children's Studies Courses

The Spring 2011 schedule of Children's Studies courses is now available!! We have attached a [pdf version of the schedule](#) for students in the Children's Studies program.

Advisement

We encourage all students to come to the Children's Studies Program office, located in 3602 James Hall, or call us at 718.951.3192 to schedule an advisement appointment. Meeting with an advisor in the Program will help to ensure that you are on the right path to completing your degree in a timely manner.

In our effort to assist you in fulfilling your degree requirements for your Major, Concentration, or Minor in Children's Studies, please note the following important information:

Many of our courses fill up quickly! Make sure that you register on your registration date as assigned to you through the Web Portal.

If, when you try to register for one of the Children's Studies courses, you receive a message indicating that the course "is closed", or that you "have not fulfilled the prerequisites", or that "the course no longer exists" please do not hesitate to contact us! There may still be seats available and in some cases the Program Director can give you permission.

Spring 2010 Graduation

Internship Course

We highly encourage students to take the Internship in Applied Children's Studies (CHST 4100) course, an option in the Tier III requirement for the Major, for your own benefit. The Internship course provides students with the opportunity to work directly or indirectly with children and youth and to research the multitude of interesting and varying careers available to them.

The Internship course is an exciting chance for students to explore career pathways in settings involving children and youth, including juvenile and family court, advocacy centers, child welfare and public health organizations, legislative offices, the media, and more.

Children's First Club

The Children's First Club is your club; Children's Studies students interested in generating awareness of issues affecting children and youth!!

The Club is looking for new members! For more information on how to get involved contact current members at: children1stclub@gmail.com
