**BLL** is a non-profit, self-governing, member supported organization. It was established in 1977 as the Institute for Retired Professionals andExecutives (IRPE). We are staffed primarily by volunteers, which include our instructors, directors and committee members. We are always looking to enhance our offerings to members, so if you have a life experience or skill that you would like to share or teach, please contact the BLL office.

In addition to our lectures and classes we offer discounted tickets for theatre and other cultural events, museum outings, music programs as well as invitations to many of the Brooklyn College sponsored events.

Choose the membership level best for you:
