## CHEMISTRY

Brooklyn College recognizes the importance of reproductive hazard awareness and protection. During laboratory exercises students may be exposed to chemical reagents that may present specific risks to reproductive health, especially students who are pregnant. Therefore, it is strongly recommended that you do not take the following courses if you are pregnant: Chemistry 1100, 2050, 2100, 2500, 3410, 3415W, 3510, 3520, 4620, and 4760. If you become pregnant during the semester, please consult with your instructor.

## CHEMISTRY

Brooklyn College recognizes the importance of reproductive hazard awareness and protection. During laboratory exercises students may be exposed to chemical reagents that may present specific risks to reproductive health, especially students who are pregnant. Therefore, it is strongly recommended that you do not take the following courses if you are pregnant: Chemistry 1100, 2050, 2100, 2500, 3410, 3415W, 3510, 3520, 4620, and 4760. If you become pregnant during the semester, please consult with your instructor.
