**HONORS CREDIT IN 80 SERIES & REGULAR COURSES**

**STUDENT:** To apply to do an honors project, complete this form and get your instructor's signature before the end of the fifth week of the semester. Keep all copies of the form. Return it to your instructor at the end of the semester along with your completed honors project.

**INSTRUCTOR:** At the beginning of the semester, please sign the Application section below if you agree to advise this student on the honors project proposed here. At the end of the semester, write an evaluation of the project and discuss the project and your evaluation with the student. It is not necessary to assign a grade to honors projects. Students who do honors quality work on a project and get an A or B in your course are entitled to honors credit. When you enter the student's grade, input 'H' along with the grade on the WEBGRADE system, and sign the Approval section of this form. Return the student's copy to the student and keep a copy for your department chair.
