**PHIL 3111: Ancient Philosophy
Section TY9**

Registration Code 33243

**Tuesdays and Thursdays 9:05 - 10:45 AM
Professor Saam Trivedi**

This class will broadly and critically survey ancient Greek Philosophy from the pre-Socratics to the famous trio of Socrates, Plato and Aristotle. These philosophers addressed issues concerning the good life, morality, happiness, justice, love, piety, reality, knowledge, and the soul. We will discuss these and other issues in class based on our reading of these thinkers.
