

Documentary Internships with Lumiere Productions

Lumiere Productions is seeking part-time interns who are interested in learning the ins and outs of documentary filmmaking. We are currently in pre-production and will soon be in production on two documentary films.

As a member of our team, an intern will work closely with our producers, directors, and production office staff on a variety of tasks integral to the filmmaking process.

Interns are expected to begin immediately, and the internship will last until the end of May. We strongly prefer a commitment of 2 days a week, but those who can only commit one day a week may still apply.
