Articulation Agreement
Between
Brooklyn College – CUNY
And
The New York College of Podiatric Medicine

This document serves to record the following understanding between Brooklyn College – CUNY (BC) and the New York College of Podiatric Medicine (NYCPM). We, NYCPM, agree to accept into our first year class those students from BC who have completed at least 90 credits towards either a BA or BS degree at BC with required coursework as follows.

These credits must include courses in the following areas with at least a grade of C+ or better.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Biology</td>
<td>1 year (at least 8 credits)</td>
</tr>
<tr>
<td>Inorganic Chemistry</td>
<td>1 year (at least 8 credits)</td>
</tr>
<tr>
<td>Organic Chemistry</td>
<td>1 year (at least 8 credits)</td>
</tr>
<tr>
<td>Physics</td>
<td>1 year (at least 8 credits)</td>
</tr>
<tr>
<td>English</td>
<td>1 year (at least 6 credits)</td>
</tr>
</tbody>
</table>

Because of potential changes in the curriculum and degree requirements at BC, all students accepting entry into this program, must plan their course of study as soon as possible with an appropriate representative of their major department to ensure that they will have completed all necessary required BC courses for their respective degrees prior to, or in anticipation of, taking elective credits at NYCPM under the Brooklyn College Professional Option.

Students must also fulfill the admission requirements of NYCPM which are:

- A timely and satisfactory formal application
- Three (3) letters of evaluation or an acceptable letter of endorsement
- Official MCAT scores at least equal to NYCPM’s minimum requirement
- A satisfactory evaluation in a personal interview
- A minimum of a 3.0 GPA (out of 4) in all undergraduate coursework.

BC agrees to accept as transfer credit those courses which comprise part of the First Year study of podiatric medicine up to the number of credits needed to complete a student’s BA or BS degree.

The courses eligible for transfer are:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bacteriology</td>
<td>3 credits</td>
</tr>
<tr>
<td>Biochemistry</td>
<td>6 credits</td>
</tr>
<tr>
<td>Cell Biology and Histology &amp; Lab</td>
<td>6 credits</td>
</tr>
<tr>
<td>Introduction to Genetics</td>
<td>1 credits</td>
</tr>
<tr>
<td>General Anatomy &amp; Lab</td>
<td>7 credits</td>
</tr>
<tr>
<td>Molecular Biology &amp; Molecular Genetics</td>
<td>2 credits</td>
</tr>
<tr>
<td>Neuroscience</td>
<td>3 credits</td>
</tr>
</tbody>
</table>
Physiology & Lab  
8 credits

Total:  
36 credits

It is understood that from time to time the courses offered by NYCPM in the First Year may change either in content or credits awarded. Substitute courses may be transferred by mutual agreement between the two institutions.

The granting of credit is subject to the following conditions:

(1) Students enrolled in NYCPM requesting transfer of credit must have completed each course with a grade of C or higher in order to receive transfer credit at BC.

(2) The ultimate awarding of such transfer credits to a particular student remains the prerogative of the student’s major department at BC.

Although we anticipate a long and mutually satisfying relationship between our two educational institutions, this agreement may be discontinued for any reason providing that written notice is given 12 months prior to such discontinuation and that those students who have been accepted under this agreement be permitted to complete their course of study.

In agreement with all that has been outlined on this date, __________________________, both parties affix their signatures and seals herewith:

Terry L. Spilken, DPM  
Dean, Student Services  
New York College of Podiatric Medicine

Donna F. Wilson, PhD  
Dean of Undergraduate Studies
