## **I. PURPOSE**

This document is an agreement between the New York Institute of Technology (NYIT) College of Osteopathic Medicine and CUNY- Brooklyn College in connection with an Osteopathic Medicine Admissions Early Interview Program (the “Program”). CUNY – Brooklyn College will provide NYITCOM with lists of eligible students in the Program, and inform NYITCOM of any students in the Program who are no longer eligible.

Students in the Program may apply for admission to NYITCOM following the completion of their third year of undergraduate education, and receive early interview consideration, if they meet the following criteria:

- Maintain the overall and science grade point average of 3.3
- An MCAT score of at least equal to or higher than 500.
- Completion of a minimum of 8 hours of biology (course/lab), 8 hours each of inorganic and organic chemistry (course/lab), 8 hours of physics (course/lab), and 6 hours of English, with no grade below C in any of these courses or labs. - Passing a personal interview by NYIT College of Osteopathic Medicine faculty

Eligibility is not a guarantee that the candidate will be granted admission to NYIT College of Osteopathic Medicine; candidates will be held to the same rigorous admissions standards as other applicants, and final decisions will be solely at the discretion of NYIT College of Osteopathic Medicine. Students enrolled in the Program who do not meet or exceed the above standards have the privilege of applying for admission to NYIT College of Osteopathic Medicine through the regular channels or procedures. All candidates must meet NYIT College of Osteopathic Medicine admission standards at the time of their enrollment into NYIT College of Osteopathic Medicine.
