<i>Comprised of:</i>	
6 credits	College Option
21 credits	Business Admin
33 credits	General Elective

This two-year degree map is designed for transfer students from Kingsborough Community College who have already completed an AS degree in Business Administration, who are entering Brooklyn College with 60 total transfer credits, and are continuing in the similar major of Business Management. It is not meant to replace individualized advisement from the Business Department. Rather, it is meant to outline an ideal sequence of courses to help students customize their academic plan, and stay on track for graduation.

For courses requiring permission of the chairperson as a prerequisite, permission should be obtained before registration. The department Chair, with the approval of the Chair of the department's undergraduate curriculum committee, may allow substitutions for one or more of the requirements consistent with the educational goals of the program. A minimum of 15 credits of advanced Business courses must be completed at Brooklyn College with a grade of C- or higher in each course.

Students are strongly encouraged to meet with an advisor in the Business Department to discuss course selections and sequence in relation to their record and goals. For transfer students, recommendations for use of the degree map will vary based on their specific record and circumstances. Therefore, it is best to review your academic plan with an advisor on a regular basis. Also, please check Transfer Explorer (<https://explorer.cuny.edu/>) to review and confirm your course equivalencies.
