FILING YOUR 2012-13 FINANCIAL AID APPLICATIONS

The federal government has introduced a change in the way you and your family reports information on your FAFSA. The U.S. Department of Education has partnered with the Internal Revenue Service to allow you and your parents to transfer your 2011 income information directly from IRS records to your online application. Using this option when you complete your FAFSA should allow you to file an application with fewer mistakes.

This booklet covers several topics you should review before you apply for financial aid for the Summer 2012, Fall 2012 & Spring 2013 semesters.

Filing Your FAFSA-on-the-Web (FOTW)

File 2011 Income Tax Returns

- You & your spouse (if married) or parents (if dependent) should file 2011 tax returns electronically, if possible
- Wait 2-3 weeks, then proceed with the FAFSA filing process outlined below
- If you are not required to file income taxes, you may skip this step

Collect these items and documents

- Your social security number
- Social security numbers and dates of birth for your parents (if dependent)
- Copies of 2011 tax returns (with W-2s) for you and your spouse (if married) or parents (if dependent) to use for reference when using IRS Data Retrieval option (outlined below)
- Bank, stock, real estate & business records (if applicable) for you and your parents
- Your alien registration number (if you are not a U.S. citizen)

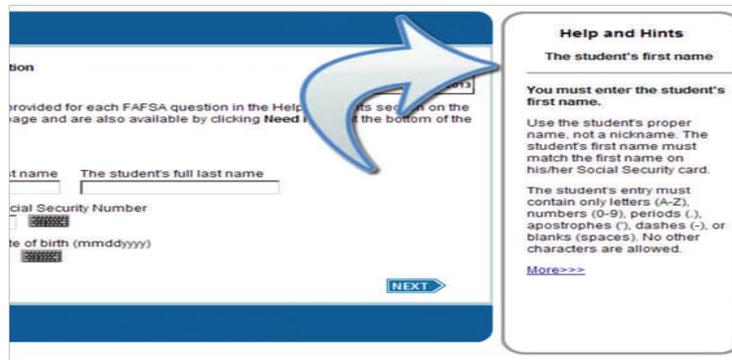

Get Federal PINs for you & one of your parents (if dependent)

- Request Federal PINs at: <http://www.pin.ed.gov>
- You will receive and be able to use your PINs immediately
- PINs are your and your parents' electronic signatures for web applications
- If you and a parent already have PINs, use them to sign your application — you can use the same PIN every year

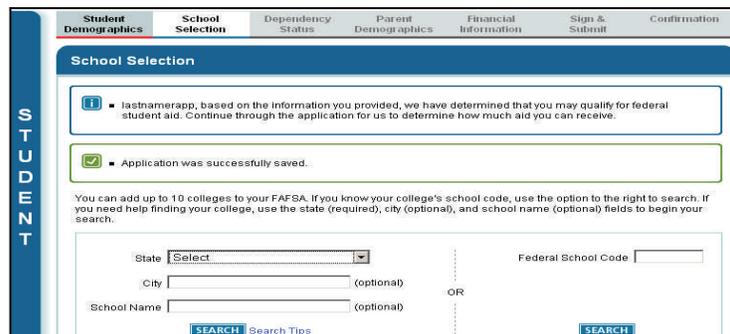

The screenshot shows the homepage of the Federal Student Aid PIN Web site. At the top, there is a navigation bar with links for "PIN Home", "Help", "Contact Us", "FAQs", and "About Us". The main heading reads "Welcome to the Federal Student Aid PIN Web site". Below this, there is a section titled "Apply For A PIN" with a blue button labeled "APPLY NOW". To the left, there is a sidebar with various options: "Apply For A PIN", "Check PIN Status", "Request A Duplicate PIN", "Access My PIN E-mail", "Change My PIN", "Update My Personal Information", "Disable My PIN", "Reestablish My PIN", and "Activate My PIN". At the bottom, there are "Helpful Links" including "Student Aid on the Web", "Links to Federal Student Aid Electronic Services", and "FAFSA on the Web". The website URL "www.pin.ed.gov" is prominently displayed at the bottom center.

File your FAFSA on the Web (FOTW) at: <http://www.fafsa.gov>

- The FAFSA is used to apply for Federal Pell Grant, SEOG, Work-Study and Student Loans
- Select "Start Here" from the FAFSA homepage & choose "**2012-2013 FAFSA**" from the application choices
- When prompted, sign the application with your PIN
- **If eligible, use the IRS Data Retrieval option** to import 2011 IRS Income Tax data to the FAFSA (see next page for more information)
- FOTW gives assistance with every question with its "Help & Hints" section on the right hand side of the website

- Under the School Selection Option, enter Brooklyn College's Federal School Code: **002687**

- When finished, print your FAFSA data and the Confirmation page as proof that you submitted your FAFSA successfully
- You can download your application results (called a Student Aid Report or SAR) in 3-5 days from <http://www.fafsa.gov>

Using the IRS Data Retrieval Tool

The IRS Data Retrieval Tool allows you and your parents to transfer tax information from IRS tax records directly to your FAFSA. If you & your parents have indicated on your FAFSA that you have already filed your 2011 taxes, you will be given the option to use this tool when completing the financial information portion of the application. If you choose not to use this option, or use the option but manually update one of the fields, you may be selected for verification and have to submit additional information to the Financial Aid Office after your application is processed.

Please Note:

- Electronically filed tax return information will be available online from the IRS site in 1-2 weeks after your return is filed.
- Data from paper tax returns will be available in 6-8 weeks.
- There are 2 separate Financial Information sections on the FAFSA. You will use this tool for the Student Financial Information section and your parents will use the tool for the Parent Financial Information section.

To use this option you must:

- Have a federal tax return filed with the IRS
- Have a valid social security number
- Have a Federal Aid Personal Identification Number (PIN)

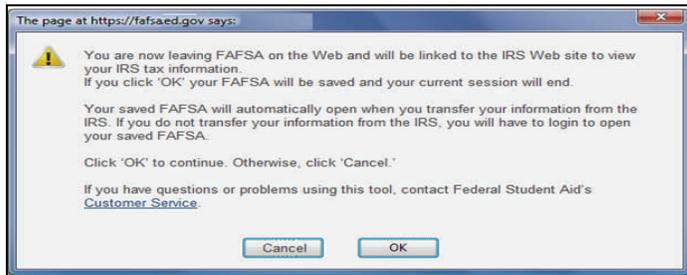

FOTW determines if you are eligible to use the IRS Data Retrieval Tool based on your reported tax filing status.

The screenshot shows the FAFSA Parent section interface. On the left, a vertical purple bar contains the word "PARENT". At the top, a green box with a checkmark icon says "Application was successfully saved." Below this, a question asks: "For 2011, have your parents completed their IRS income tax return or another tax return?" with a dropdown menu showing "Already completed". A green box with a plus icon contains the text: "You, the parents, may be able to use the IRS Data Retrieval Tool to view and transfer your tax information from the IRS." Below this, it says "Check all that apply or check None of the above." and lists several options with checkboxes: "You, the parents, filed as Married Filing Separately", "You, the parents, filed as Head of Household", "You, the parents, filed an amended tax return", "You, the parents, filed a Puerto Rican or foreign tax return", "You, the parents, recently filed taxes", and "None of the above". At the bottom of the main content area are "PREVIOUS" and "NEXT" buttons. Below that is a navigation bar with buttons for "NEED HELP?", "SAVE", "CLEAR ALL DATA", "VIEW FAFSA SUMMARY", and "EXIT". On the right side, there is a "Help and Hints" panel titled "Parents Filed 2011 Income Tax Return? Question 79" with explanatory text. At the very bottom of the page, small text reads "Site Last Updated: Sunday, December 18, 2011" and "Download Adobe Reader".

Some tax filers may not be able to use the IRS Data Retrieval Tool and will have to enter their data from their own tax records. You or your parents will not be offered this option if:

- Your marital status changed after December 31, 2011
- You or they filed "married filing separately"
- You or they indicated "married" on the FAFSA but filed "head of household" on the tax return
- You or they filed an amended return
- You or they filed a foreign tax return

If eligible to use the tool, you will be transferred to the IRS Website. FOTW will notify you that you are leaving the FAFSA website and entering the IRS website to complete the transfer of your tax information.

On the IRS Web site, you will be prompted to enter information as it appears on your tax return. It is important that you complete this section exactly as it appears on your tax return or your information may not match with IRS records and the data retrieval may not go through.

Transfer My Tax Information into the FAFSA

[Transfer Now](#)

Do Not Transfer My Tax Information and Return to the FAFSA

By clicking the "Do Not Transfer" button, you are choosing not to transfer your tax information electronically. Your IRS session will end and you will return to your FAFSA. You may still use this tax information to input the data into your FAFSA.

[Do Not Transfer](#)

After you have transferred your data, you will be returned to the FOTW website to finish your application. Make sure not to change any of the financial data that was imported from the IRS Website. Remember that both you and your parents (if applicable) will need to go through a separate authentication process when filling out the Student Financial Information & the Parent Financial Information sections of the FAFSA.

What Is Verification & How Does It Affect You?

The federal government uses a process called verification to help determine the correctness of the financial information on your FAFSA. When applications are selected for verification, the Financial Aid Office must collect certain documents from you and your family and match them against the information you provided on your FAFSA. If your application needs to be verified, the Financial Aid Office will send you a letter and an e-mail asking you to provide documentation of your application information and complete a "[Verification Worksheet](#)". You will have to submit the requested items of documentation before you receive any payments of federal financial aid.

Tax Filers

If you or your parents did not or could not use the IRS Data Retrieval option when you completed your FAFSA, or manually changed any information transferred from IRS records to your FAFSA, you will have to submit an IRS Tax Transcript as one of the required documents in order to complete verification. We can no longer accept copies of tax returns that you or your tax preparer completed. Learn how to obtain a free tax transcript on p. 9.

2012-13 VERIFICATION WORKSHEET
 Federal Student Aid Programs

What is Verification?
 Your application was selected by the U.S. Department of Education for review in a process called "Verification". The Office of Financial Aid must compare information from your FAFSA with information you provide on this worksheet and other documents. If there are differences between your application information and the documents you submit, your application may need to be reprocessed. The Office of Financial Aid cannot make any federal financial aid payments available to you or process a student loan request until all verification requirements have been met and the necessary corrections have been made.

What You Should Do:

1. Obtain a 2011 Federal IRS Tax Return Transcript and W-2 forms for yourself, your spouse (if married) or your parents/step-parent (if dependent). The U.S. Department of Education no longer allows a preparer's copy of tax returns to satisfy the Verification requirement. You may order a **TAX RETURN TRANSCRIPT FORM ONLY** from the Internal Revenue Service online at www.irs.gov or by phone at 1-800-900-9840. Note: If you used the ITD Data Retrieval tool to transfer your ITD income data to your FAFSA, you may not have to submit the IRS Tax Return Transcript.
2. Fill in and sign this worksheet - you and at least one parent (if dependent) must sign the certification (SECTION D) on page 2 of the worksheet.
3. Review your Student Aid Report (SAR), information request letters from the Financial Aid Office and the second page of this worksheet to see if you need to submit other documentation (such as default clearance letter, citizenship documentation, proof of receipt of food stamps/SNAPs, proof of child support paid, social security card, etc.).
4. Submit the completed worksheet, tax return transcripts, and any other documents to the Office of Financial Aid.
5. After a financial aid representative reviews your information, you could be asked to submit additional documentation. When all the information has been reviewed and any necessary corrections made, you will be notified about your financial aid awards and payments.

How To Request a Free IRS Tax Return Transcript

If you, your spouse (if married) or your parents (if dependent) need to document your taxable income to fulfill verification requirements, you can request an IRS Tax Return Transcript free of charge. Remember that we can no longer accept copies of the tax returns that you or your tax preparer completed. You may only submit documents that come directly from the IRS to complete verification of your tax return information. There are two ways to request a tax transcript from the IRS.

Online Request

Go to the IRS Web site at www.irs.gov. Click "Order a Tax Return or Account Transcript" on the homepage and follow the steps to order your tax transcript. There is a validation process that involves entering the tax filer's social security number, date of birth, street address, and zip or postal code. If successfully validated, tax filers can expect to receive a paper IRS Tax Return Transcript at the address included in their online request in 5-10 days from the date the online request was submitted.

The screenshot shows the IRS website homepage. At the top, there is a navigation bar with the IRS logo, a search bar, and links for "Change Text Size", "Contact IRS", "About IRS", "Español", and "Other Languages". Below the navigation bar are several tabs: "Individuals", "Businesses", "Charities & Non-Profits", "Government Entities", "Tax Professionals", "Retirement Plans Community", and "Tax Exempt Bond Community". The main content area features three promotional banners: "I need to pay my tax bill", "I've got a question", and "I need to get or renew my PTIN". Below these banners are four columns of links: "Forms & Pubs", "Hot Topics", "Tools", and "Filing & Payment". In the "Tools" column, the link "Order a Tax Return or Account Transcript" is circled in red. Other links in the "Tools" column include "Check on Your Refund" and "Apply for an Employer Identification Number (EIN) Online". The "Filing & Payment" column includes logos for "where's refund?", "freefile", "e-file", and "EFTPS".

Telephone Request

Call the IRS at 1-800-908-9946. Follow the prompts to enter required information and select IRS Tax Return Transcript option. If successfully validated, tax filers can expect to receive a paper IRS Tax Return Transcript at the address that was used in their telephone request within 5 to 10 days from the time the IRS receives the request.
