Foreign Language Requirement for the Major

Students are required to complete one course in Spanish at Level 3 (the third semester of study at the college level) or to demonstrate an equivalent proficiency by examination, except as modified as follows:

1. Students who have successfully completed three years of Spanish in high school and have passed the Spanish Regents Level 3 are exempted from the language requirement.
2. The Spanish language requirement presupposes two years of secondary school language study in Spanish. Students who offer only one year of study in Spanish (or none at all) are required to take one or two semesters of college study (Levels 1 and/or 2) before they can take Level 3.
3. Students whose native language is Spanish may be exempted from this requirement by passing the Spanish competency examination administered by the Department of Modern Languages and Literatures.
4. Neither blanket nor equivalent credits will be given for introductory courses in Spanish from which a student has been exempted by examination, whether given by the Department of Modern Languages and Literatures or an approved outside institution. Students who have completed part of the Spanish language requirement in high school are strongly advised to continue further language study in the first year.

**4.** The list of STEM variant courses under the Life and Physical Sciences category lists SPEC 1178. The correct course title is CASD 1178. Also under the Life and Physical Sciences category, HNSC 2303 is misspelled as NHSC 2303.

5. For the academic year 2018–19, the following courses satisfy either flexible core or college option requirements, but not both, according to the following categories:

- CHEM 1037/ANTH 1205 Flexible Core: Scientific World. College Option: Exploring Science
- JUST 2545 Flexible Core: World Cultures and Global Issues. College Option: Exploring Arts and Literature
- MUSC 3101 Flexible Core: U.S. Experience in Its Diversity. College Option: Exploring Global Connections
- PRLS 3203 Flexible Core: U.S. Experience in Its Diversity. College Option: Exploring Global Connections

**6. The Evaluation of Transfer Credit section in the 2018–19 Bulletin is replaced with the verbiage below:**

#### **Evaluation of Transfer Credit**

The Transfer Evaluation Office is responsible for processing all transfer credits for courses taken prior to attending Brooklyn College for new undergraduate students, both freshmen and transfers.

All courses taken for credit at an undergraduate CUNY college with a passing grade of D- or higher will be accepted for credit at Brooklyn College, regardless of whether a specific equivalency exists. For courses that do not have an equivalent, elective credits will be granted.

Credits are also given for courses taken at non-CUNY institutions that are accredited by one of the regional accrediting commissions or by the New York State Board of Regents. From any non-CUNY institution all credits will be granted for credit-bearing courses that have met the grade requirement of C- or higher. For courses that do not have an equivalent, elective credit may be granted. Exclusions may apply for students who use Brooklyn College courses toward an associate degree.

Transfer credit from non-CUNY institutions not listed on the admissions application may be denied. In addition, failure to list all postsecondary institutions attended will subject a student to disciplinary action and a review of the admission decision. Applicants are required to provide official copies of transcripts for every institution attended, including a transcript(s) for course work that was in progress at the time of application. As soon as “in progress” courses are completed, a final transcript must be submitted to the Transfer Evaluation Office at Brooklyn College.

From a non-CUNY institution, students may be required to provide official course descriptions and/or a course syllabus to the department evaluator for review within the first semester of attendance. Failure to do so may result in the loss of opportunity to receive transfer credit for the course(s). If a description/syllabus is not in English, it should be translated by an official translation agency and submitted to the academic department along with the transcript in the original language.

Credit cannot be earned twice for the same originating course. If two courses come in and are equivalent to the same Brooklyn College course, one course will be converted to elective credit.

Brooklyn College grants academic credits for any student earning a score of 3 or higher on any Advanced Placement (AP) examination. The college in consultation with faculty in the discipline corresponding can evaluate an AP course to be the equivalent of a specific course, as fulfilling a general education category or as elective credits. Faculty or the appropriate academic department, shall award credit differently based upon the score earned on the exam. Specific determination of how credits are awarded are entirely within the department's purview.
