Note that the information entered will be compared to your personnel data in the CUNYfirst database. If you receive the message “User Not Found. Please Enter Correct Info”, make sure you are entering the correct info since it must exactly match your college record.

If you are sure you are entering the correct info and the system is still not accepting it, please contact the CUNYfirst support line at 718-951-4200 or via email at: CUNYfirst@brooklyn.cuny.edu. They will investigate whether the CUNY records differ from what you entered, and alert the appropriate college office to work with you to ensure that your record has the correct info and that you can claim your CUNYfirst account.
If the information entered is accurate, you will be directed to the “Challenge Questions and Answers” page, where you must select 5 different questions from the dropdown menu and provide the answers of your choice to be used if you need to reset a lost or forgotten password.

On the next screen “Choose a Password”, you will be prompted to create a new password for your account. Type in your preferred password (twice for verification) and click “OK”. Note: Your password must contain at least 8 alpha numeric characters. It is recommended that you use upper case and lower case letters, as well as punctuation and numbers in your password.

On the next screen “User Activation Completed Successfully!”, you will be shown your system assigned CUNYfirst USERNAME and EMPL ID. Please record this information in a secure place. Unfortunately, CUNYfirst does not allow users to select their own USERNAME.
