A Message from Monique:

Dear Students,

We hope you are well and preparing for the winter season. The forecasts predict lots of snow....

Here in the office we have completed our updates so we hope you come by to visit us soon. We have hosted several workshops and a support group for students who are parents who will meet on the first Thursday of the month from 12.30—2p.m. This is really just a space for parents to talk about how we juggle going to school and parenting with other responsibilities like work and elder care. The next meeting will be on December 6th 2018.

Please email me to sign up or come into the office.

Please check out the article on the Library In a Nutshell workshop that we attended. Lots of great tips on how to use the library especially when you have a research project to complete.

If you haven't managed to meet with one of us yet, please call the office to schedule an appointment.

If you have HRA fellowship questions, please email our general email address cunyedge@brooklyn.cuny.edu so we can follow up.

We wish you the very best for all the upcoming holidays.

Take Care,

Monique Ngozi Nri

Director CUNY EDGE

Email Us : cunyedge@cuny.edu

Understanding Library & Catalog Systems Workshop

For those of you who missed our workshop on Understanding Library Systems and Catalogs, don't fret. Here is a run-down of everything you need to know!

Brooklyn Colleges' library houses over 1.8 million books and over 400,000 e-books with a wide array of material ranging from archives & special collections, music, movies, juvenile collections, and more! Books can be borrowed for 4 weeks with up to 3 renewals. Course reserved books—texts and related materials to your class—can be borrowed for up to 2 hours. Visit the Media Center located on the 2nd floor for laptop and Ipad rentals!

Did you know that students and staff can reserve a private study room? There are study rooms located on each floor, and are also accessible for students with disabilities. Study rooms can be reserved for 2 hours at the circulation desk located on the 1st floor.

Inside Scoop: We've got the scoop on where and how you want to study

If your looking for a seriously quiet place to get your studies going, visit the Library Science Reading Room located on the 4th floor, or the Christoph M. Kimmich Reading Room on the 2nd floor. Studying with a few friends or worried about disturbing others? The LaGuardia room located on the 2nd floor is perfect for group study. If your preference falls between the two, try studying on the Lower Level. The Library Computer Lab is open 24 hours a day for studying

MORE WORKSHOPS!
