Anticipated Start Date

Month_____Day_____Year_____

Anticipated End Date

Month_____Day_____Year_____

APPLICATION FOR OPTIONAL SPECIAL TRAINING TRACKS

Optional Special Training Tracks for Advanced Externs, Interns and Post-Docs:

Advanced externs (3rd year and above), interns and post-docs who can commit to working **at least 20 hours/week** at our site are invited to interview for placement in one of the three specialized training tracks we offer.

In addition to providing services to the general college community, trainees in the Special Training Tracks will serve as counselors-in-residence for campus offices that serve special groups of students: Veterans Affairs and Counseling Center; the LGBTQ Resource Center; Black and Latino Male Initiative; The Women's Center; and the Center for Disability Services. Responsibilities will include providing individual and group counseling services; presenting targeted skills workshops; and serving as the liaison between the counseling center and the campus office. At least 3 hours of each 20-hour week will be spent providing services to the office where the trainee is assigned.

I am interested in interviewing for the following Special Training Track(s):

- LGBTQ Resource Center
- Veterans and Military Services and Counseling
- Center for Disability Services
- Black and Latino Male Initiative (BLMI)
- The Women's Center
- The Immigrant Student Success Office (ISSO)

Please attach a one-page description of your interest in working with the population in the special training track you have chosen and let us know if working with this particular population is part of your career goals. If you have any prior experience working with the population in the special training track you have chosen, let us know about that as well.

We will arrange for you to meet with the Training Director on the same day as your group interview at Brooklyn College to discuss your interest in the Special Training Track.
